OBJECTIVE

Dedicated Computer Science student seeking an internship opportunity to apply technical knowledge in software development, systems design, and emerging technologies. I offer a unique combination of technical proficiency and hands-on experience in leadership and event coordination, including managing esports initiatives and large-scale projects. I am committed to delivering high-quality work while contributing effectively to a professional team.

EDUCATION

Bachelor of Science in Computer Science

2021 – Present

Malayan Colleges Laguna – Cabuyao, Laguna

Senior High School – Information and Communication Technology

2019 – 2021

ACTS Computer College – Santa Cruz, Laguna

- Graduated with High Honors

TECHNICAL SKILLS

Programming Languages: Python, Java, C#, C++, JavaScript

Mobile Development: React Native (Fundamentals – UI components, navigation, state management), Flutter (Fundamentals – widgets, layouts, basic app structure)

Database & Data Management: Database Management Systems (DBMS) – relational database concepts, SQL querying, data modeling, normalization

Software Development: Object-Oriented Programming (OOP), basic data structures and algorithms, software development life cycle (SDLC)

Productivity & Office Tools: Microsoft Excel (data encoding, basic formulas, record management), Microsoft Word, PowerPoint, Google Workspace

Other Technical Skills: Basic computer hardware and software troubleshooting, internet research and digital communication tools

CORE COMPETENCIES

- Leadership & Organizational Management – proven ability to lead teams, delegate responsibilities, and drive initiatives through elected student governance roles
- Event Planning & Coordination – experienced in end-to-end event management from conceptualization and logistics to on-site execution
- Communication & Interpersonal Skills – adept at engaging diverse stakeholders including students, faculty, local government, and prospective enrollees
- Adaptability & Continuous Learning – proactively acquires new technical skills and adjusts readily to new environments and challenges
- Time Management & Multitasking – consistently meets deadlines while balancing academic workload with professional and extracurricular commitments
- Attention to Detail – demonstrated through accurate data encoding, financial record management, and inventory tracking

LEADERSHIP & ORGANIZATIONS

External Vice President – CCIS Student Council

2024 – 2025

- Represented CCIS in external affairs, coordinating with other departments and university administration on inter-college initiatives.
- Esports Head Organizer – planned and executed department-level esports events, managing registration, scheduling, and on-site operations.

Board of Director – CCIS Student Council

2023 – 2024

- Contributed to governance decisions and collaborated with council officers to implement student welfare programs and departmental events.
- Esports Head Organizer – oversaw competitive gaming events, handling team registrations, bracket management, and event facilitation.

WORK EXPERIENCE

Student Assistant – Marketing Department

April 2024 – June 2025

- Conducted phone outreach and school-to-school visits to recruit prospective students and promote university programs.
- Maintained merchandise inventory records and provided administrative and logistical support for university events.

Government Intern – SPES Program

July–Aug 2022 | July–Aug 2023 | July–Aug 2024

- Performed field surveys and encoded household demographic data to support local government social welfare programs.
- Handled office tasks including financial record encoding in Excel, document filing, and front-desk client assistance.
